

Permit-controlled events

All events and filming activities on Seqwater sites fall under one of two categories: notifiable events or permit-controlled events. Notifiable events attract no fees or charges, permit-controlled events do. Below is the fees and charges schedule for all applications classed as permit-controlled.

Every application under the permit-controlled events category attracts a non-refundable application assessment fee of \$340. If an application is for a commercial activity it will attract an additional fee based on the nature and impact of the event on the site and other users.

EVENTS AND FILMING

Application Assessment Fee **\$340**

Any event or filming application that requires a Land Access Deed (LAD) to be generated will be charged a non-refundable fee.

This fee may be waived for non-profit or charity organisations, or students filming as part of an educational course. Proof is required.

Administration Fee **\$60 /hr**

An additional administration charge may be levied depending on the complexity and resourcing required by Seqwater to manage the event or activity.

EVENTS AND FILMING – COMMERCIAL

These fees apply to an activity or event that creates income, where the income directly benefits an individual or organisation. A commercial use fee is charged in addition to the above application assessment fee. A commercial activity is categorised according to the impact on the site.

Commercial Use Fee - Events and Filming (LOW Impact) **\$340**

- | | |
|--|--|
| 1) Small attendance numbers (up to 50 persons) for event | 3) Little or no impact on other site users |
| 2) Clearly within site specific approved activities | 4) Simple assessment process |

Commercial Use Fee - Events and Filming (MEDIUM Impact) **\$510**

- | | |
|--|---|
| 1) Medium attendance numbers (50 to 100 persons) for event | 4) Requires assessment and consideration by staff with specialist knowledge |
| 2) May require some exception to site-specific approved activities, or access to areas not normally open to the public | 5) May require exclusive use of part or all of the site |
| 3) Potential impact on other site users | |

Commercial Use Fee - Events and Filming (HIGH Impact) **\$760**

- | | |
|---|---|
| 1) Attendance numbers greater than 100 persons for event | 5) May require exclusive use of part or all of the site |
| 2) May require exception to site specific approved activities, or access to areas not normally open to the public | 6) May require Seqwater staff to be on duty |
| 3) Major impact on other site users | 7) May include the construction of temporary structures or sets (filming) |
| 4) May require a site meeting and or major specialist assessment | |

Commercial Service Providers

Commercial service providers who access Seqwater recreation sites, such as coffee vans, are subject to a 12 month access fee. Below is the fees and charges schedule for all commercial service providers.

COMMERCIAL SERVICE PROVIDERS

A commercial service provider is categorised according to the impact on the site.

Commercial Service Provider Fee LOW/MEDIUM Impact **\$1,020 /12 months**

- | | |
|--|--|
| 1) No exception to site-specific approved activities | 3) Simple to somewhat complex assessment process |
| 2) Little or no impact on other site users or the site | 4) No exclusive use |

Commercial Service Provider Fee HIGH Impact **\$1,440 /12 months**

- | | |
|---|------------------------------------|
| 1) May require exception to site-specific approved activities | 3) More complex assessment process |
| 2) May have impact on other site users or the site | 4) May require exclusive use |

Seqwater reserves the right to review and amend these fees and charges.
