## Seqwater minimum PPE requirements

Seqwater has minimum PPE requirement to access, or work on, our sites. The below outlines these minimum requirements.

## **ACCESS TO, OR WORKING IN, A CONSTRUCTION AREA**

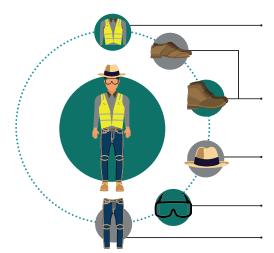

**Long-sleeved high visibility shirt** (with reflective strip) or longsleeved shirt with a high visibility vest (with reflective strip). Sleeves to be rolled down and buttoned at the cuff.

Safety footwear.

**Safety helmet** (with broad brim attachment if working outside).

**Safety glasses** (tinted if you need protection from glare). **Long trousers**.

## OFFICE BASED WORKERS OR VISITORS ACCESSING AN OPERATIONAL AREA

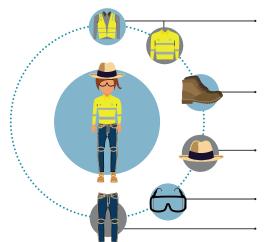

**High visibility vest** worn over the top of a long-sleeved shirt. Sleeves to be rolled down and buttoned at the cuff.

Safety footwear or appropriate fully enclosed footwear.

Broad brimmed hat if working outside.

**Safety glasses** (risk-based for lakes, grazing leases, catchments and recreation areas. Mandatory on all other operational sites). **Long trousers**.

## **WORKING IN AN OPERATIONAL AREA**

**Long-sleeved high visibility shirt** (with reflective strip) or long-sleeved shirt with a high visibility vest (with reflective strip). Sleeves to be rolled down and buttoned at the cuff.

Safety footwear.

Broad brimmed hat if working outside.

**Safety glasses** ((risk-based for lakes, grazing leases, catchments and recreation areas. Mandatory on all other operational sites). **Long trousers**.
